Anna/Trish:

Will there be any impacts to the recreation programs by removing the parking restrictions at Hollywood RC pool project ???

Sophia and Guy,

I wanted to let you know that we received the below email from a constituent regarding filming, apparently done without permit, at Hollywood Recreation Center this morning.

I cannot verify anything that is written but I wanted to pass along the message.
Could you please advise?

Thank you so much,

Morning Dan,
I hate to report this but there is a film crew at the park (Hollywood Recreation Center) without a permit from Film LA and the director/producer told me the head gardener gave them permission: "to keep it on the downlow". I train at that park on a regular basis and have been denied the use of restrooms and other facilities (the gym and field) by supervisors at that park. I am tired of getting harrassed and told to move to other parts of this facility while others bring in film crews and use the whole facility for free. I have notified Antonio Bonarez and Film LA of this double standard and only wish for some fairness and cooperation at a park that is supposed to be a safe zone and a Police Stop-in location without having to put up with obvious corruption by this park's officials including Ruben and the head Gardner Bob. I personally talked with this film crew and told them the proper channels by which they can shoot on public grounds. They continued their production regardless.

Best,
Christian Beck
